

BUSINESS PARTNER INFORMATION - PANDEMIC PLAN / SARS-COV-2/CORONAVIRUS

Update March 19th, 2020

Dear Customer, Supplier / Business Partner,

At EUROFLEX we are committed to ensuring that the risk of infection to our employees, as well as our customers, suppliers and business partners is curtailed as much as possible. Furthermore, we want to minimize the possibility of downtime in our production lines.

Herby we would like to inform you about the situation at EUROFLEX as well as about the measures we have implemented:

EUROFLEX has not been affected by Corona Virus yet

- No employees infected
- No production capacity shortages

EUROFLEX has activated the Pandemic Plan

- Regular meeting of task force / response team
- Awareness training for employees and Hygienic measures implemented:
 - Operators are required to wash their hands frequently
 - Operators who feel sick will stay at home or will be immediately isolated from the team and send home; additionally they have to perform a Corona-test before coming back to work
 - Operators are required to keep a recommended safety distance to each other to avoid any risk of infection
- Teams (indirect areas) have been separated and/or sent into shift models / re-mote work in order to reduce personal interactions
- Restriction of business trips for EUROFLEX employees (valid up to April 19, 2020)
- On-site visit restrictions for customers, suppliers and other business partners (valid up to April 19, 2020)

EUROFLEX supply chain

- No critical purchases for commercial products from Risk Areas
- EUROFLEX has sent surveys to suppliers to check for potential risks.
 - Potential capacity constraints or logistical challenges
- Continuous monitoring of delivery dates and potential issues.

EUROFLEX deliveries

- We are in contact with our logistics service providers.
- There are no significant constraints yet.

Best Regards

EUROFLEX GmbH

Dr. Axel Pfrommer
